### DESCRIPTION MW-STAND

The automatic tire inflator stand is used to support the tire inflator directly on the inflation cage. The stand can be used with all of our different automatic tire inflators that are MW-60, MW60-4way and the MW-64HP. The stand is needed to fix the automatic tire inflator directly on the tire inflation cage which makes it easier to inflate tires. In addition, it reduces movements and allows to inflate tires faster. The automatic tire inflator stand can fit on many types of inflation cages such as Martins Industries MIC-3, MIC-4, MIC-5 and MIC-OTR but also on our competitors smaller inflation cage tubes.
