Model 130 Mobile Tire Inflation Cart

SPECIFICATIONS

Max Inlet Pressure	217 psi (15 bar)
Max Inflation Pressure.....	145 psi (10 bar)
Display Increments.....	1 psi (0.1 bar)
Inflator Accuracy.....	+/- 0.5% of Full Scale
Operating Temp.....	-4° to 158°F
Inlet Port.....	1/4" NPT
Weight.....	80 lbs
Dimensions (inches).....	20 D X 22.5 W X 59 H

Easy to use
Auto-inflator

FEATURES

- Hands Free Auto-inflator
- Convert up to 6 Tires (requires 2 optional hoses)
- Rechargeable Battery with Indicator
- Convenient Parts Tray
- Durable All Steel Construction

Quick Clip
Tank Straps

ECONOMICALLY PRICED FLEXIBILITY!

The Model 130 can be used with a nitrogen bottle or connected to a nitrogen generator to inflate up to 6 (4 hoses included) tires with high purity nitrogen. The integrated auto-inflator has a pressure range up to 145 psi and performs top-offs as well as automated nitrogen conversions, just set the pressure and the inflator does the rest. Branick equipment lasts and our Model 130 is no different, with all steel construction to take everyday use. The rechargeable battery has a visible charging indicator to let you know when you're ready to go. The mobility and features of the Model 130 make nitrogen service simple, fast and economical. Made in the U.S.A. at Branick's manufacturing facility in Fargo, ND.
